EMMA — the personal humidifier

Lightweight and practical – with USB connection for mobile use and adapter for home use

Compact and innovative – Emma's case can be stored in the bottle to save space

Quiet in operation and the LEDs can be dimmed or switched off completely if required

Emma is the ideal solution for dry air: your personal humidifier lady ensures optimal air humidity. Equipped with a USB cable for mobile use and an adapter for home use, Emma will be your constant companion. She loves to travel, so make sure she is packed in your travel luggage. Therefore, Emma has been designed to be light and compact: her housing can be stored in the bottle to save space. Packed in the convenient travel bag supplied, she's always with you. Two different settings allow you to adapt the humidifier performance to your needs. This handy air humidifier is ideal for the bedroom; you'll hardly notice she is there. Emma is very quiet at the lower level and her LEDs can be dimmed or switched off completely as required.
