

George

Air Washer – 2 in 1 humidifier & purifier

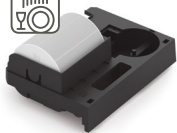

Stadler Form®

SWISS DESIGN SINCE 1998

GEORGE – the low-maintenance power pack

Easy maintenance: disc pack and water base can be cleaned in the dishwasher

Target humidity selectable to 40%, 45%, 50%, 55% or continuous mode

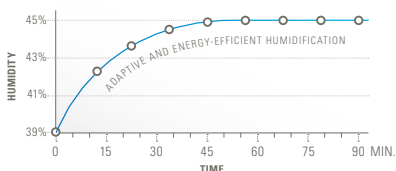

Integrated fragrance container allows scenting of the air with essential oils

ADAPTIVE HUMIDITY™ technology automatically adapts the humidification output in Auto Mode in order to reach and keep the desired humidity level quietly and efficiently

WITH ADAPTIVE HUMIDITY™ (VERY QUIET)

If you choose the air washer George as your new roommate, you can count yourself lucky; he's a low-maintenance, quiet yet still powerful guy. He ensures ideal humidity and clean air in rooms up to 60 m². Rotating in water, his discs filter smallest particles out of the air – a relief for every allergy sufferer. The disc pack and the water base are easy to clean in the dishwasher. His integrated hygrostat allows you to select an exact desired humidity level or lets George run continuously. In auto mode, George automatically selects the appropriate humidification output level, achieving the desired air humidity extremely quietly and energy-efficiently. George is also ideal in the bedroom: barely audible at a low level, the LEDs can be dimmed, and he can also disperse your favourite scent in the room, as required.
